

Acknowledgements

This document as presented to Ada County this 21st day of February, 2006, is the product of the efforts and dedication of a great team of talented people, each of whom are experts in their professional field.

Assembling the team has been most enjoyable and informative. Each person/firm involved in the project has added new vision and enthusiasm to the whole. Our joint vision has been improved by our visiting several established projects in surrounding states including California, Washington, Utah, Colorado and New Mexico. Their staffs have been very helpful in addressing our questions.

The county staff has tirelessly and kindly helped us to understand the rigors of the County's Planned Community Ordinance.

The Cliffs Team Members

Company	Name	Expertise
A. Hart	Authur Hart	Historian
Accipiter Consulting, LLC	Greg Kaltenecker	Biological Evaluation
	Jerry Sholten	Biological Evaluation
	Doug Copsey	Project Video
